Iowa City/County Management Association

Note 1. Nature of Organization and Significant Accounting Policies

The Iowa City/County Management Association is a professional association created for the purpose of enhancing the professional development of local government managers and administrators, promoting the exchange of information between members and supporting the functions and aims of the International City/County Management Association. To realize these goals, the Iowa City/County Management Association has contracted for membership services with the Iowa League of Cities.

Basis of Accounting

The Association's accounts are maintained on a cash basis, and the statement of cash receipts and disbursements reflects only cash received and disbursed.
